

Those Eyes

Taken	By a simple Lie	Only rejoice
By surprise	Innocent as	In morning sky
By a glimpse	A newborn's	Uprising high
Of those eyes	Sigh	Rays of light
Contemplation	Well kept	Let it be
Of sorrow	Secret	Marry amongst
The promised	Promised	The many
Butterflies	In safety	The coming day
Of tomorrow	A Cherished	Colorful as May
Everlasting	Memory	As well may
Joy in shadows	As generous	Be here to stay
Escaping	Gesture	Until the sunset
The Time's	Emotions	For another
Arrow	Of gratitude	Glimpse
But wow	Blessings	Of those eyes
Behold	And Grace	By lonely Knights
Sinister	Enough to	Of lonely nights
Hearts do	Set free	Once fallen
Not comply	Those who Fight	And raised twice
Neither to	Those	From fiery eyes
Smile	Endangered	In disguise
Nor to cry	And those	Scatters of ice
Shattered	Who hide	Like stardust
In pieces	A smile	And smoke
And set to die	Of Promises	The dreamer's
Only rejoice		Hope!
